

Judge Murray out of the race. McCall will have an easy walk for re-election.

"Buck" Kendall, of Elizabethtown, is the first to declare himself a candidate for Commonwealth's Attorney.

LEWIS KENDALL is declining to make the race for Circuit Judge last Monday. In the course of his remarks, made the best plea for Democracy the News ever heard in Hardinsburg. We are only sorry that more of our Democratic friends are inclined to be led off with the fallacies of the Third Party were not there to hear him.

The District Democratic Committee met at Hardinsburg yesterday and selected Saturday, August 27th as the day for holding the Democratic Primary for the purpose of selecting candidates for Circuit Judge and Commonwealth's Attorney, in this, the Ninth District, composed of Breckinridge, Meade, Hardin and Grayson counties.

It is reported that Mr. Wm. H. Bell contemplates moving his family to Cloverport about the first of August.

The withdrawal of Judge Murray from the Circuit Judges race here Monday created general surprise. This leaves the field practically to Judge McBeath.

Mr. Jesse Whitworth and Coleman are arranging to give an excursion on the L. H. & W. from Louisville to Louisville on next Saturday in August.

Rev. L. C. Campbell began a protracted meeting out at Mr. Zion last Sunday. It will continue until after the Quarterly meeting, which will be held there the fifth Sunday in this month.

Judge Murray gave the boys a sound Democratic talk at the Court-house Monday. All who heard it pronounced it first class and to the point. If he could make a few such at different points in the county now it would undoubtedly help the cause.

The Third party people will meet here next Saturday to put up a candidate for sheriff. It was reported at West View last Saturday that they would probably allow his name to be used on the ticket. This may be so, but it sounds a little singular. Mr. Jolly has all along been a mighty strong working Democrat.

The crowd in town Monday was not up to its usual standard here on a County Court day. However, a good many got in to see the trial of the evening, to hear the candidates for clerk make short speeches. They did fairly well, and the crowd appeared to be pleasantly entertained.

Meers Skillman and Glenwood entered a little protest against the announcements of Mr. Wilson for speaking over the county, previous to the primary. They thought it was a violation of the law.

Mr. J. H. Lennin, of this place, represented the interest of the Alliance, Mr. Milton Cole, the Third Party, and Mr. Jesse Ekridge stood up for the grand old Republican party. These gentlemen made the air fairly whirling while they were at it and they were at it a good long time. The Democrats concluded to win their fight and they stayed out. The Republicans and Third party fellows took a pretty lively tilt at each other, and it is mighty certain that they will not be able to make a fusion in this county. The Republicans are determined to stand together and not furnish material for other fellows to ride into power on. This is what is gathered from the outlook at West View. It is a strong Alliance district, but the Republicans have an organization here also, and they mean to stand together. The picnic there was a big success. There were some four or five hundred people there from the surrounding country, and they seemed to be enjoying the day. The order was perfect on the ground, not a single interruption occurring during the entire day. Next Saturday Garfield is billed for a big day and we promise to be there.

**SKILLMAN'S Reasons For Not Making Appearances.**

Editor News:—For fear that what Mr. Wilson says in making his announcement for public speaking, shall be misconstrued as an invitation to making appearances, I have this to say in regard to it. I have no objection to making a public appearance, but I do not intend to make a public appearance.

It is a matter of fact that I have no objection to making a public appearance, but I do not intend to make a public appearance.

## CUSTER.

Hot and growing hotter.

Four pounds of nice, pure, good rice for 25 cts.—Alexander & Pile.

Mrs. John Alexander, Burns, is at her son's O. Alexander, on a visit.

Marcus Carter and son, of Vine Grove, were in the neighborhood last week buying cattle.

Miss Sarah Carter, of Louisville, who is visiting her mother, Mrs. Board, near this place.

Miss Betty Taylor, of the Hardinsburg High School, was visiting Mrs. F. B. Lyon last week.

Miss Sarah Carter, of Louisville, who is visiting her mother, Mrs. Board, near this place.

Mr. George Pile has been at Hardinsburg for the past week having a severe attack of the face treated by Dr. Kinchele.

Rice furnishes food for nearly one-half the people of the world, and a great many others will use it when they learn how it is sold by Alexander & Pile.

Mr. and Mrs. Marcellus Butler, of Louisville, arrived here Friday to visit friends and relatives. We understand that they will be here several weeks rustinating and resting.

W. T. Gregory, Garfield, was in town last week and remained over night. We learn that he will this year, as usual, teach two schools. His popularity as a teacher makes the people willing to wait for him.

WASTL—By the citizens of Custer a few thousand feet of lumber to construct fences to rack picnic bills on. Bills are now sent in and brought in from other places in such numbers that room cannot be found to put them on.

Some of the inhabitants of the Burns neighborhood, we understand, are wearing a "skinned eye" and keeping their limbs in good running order. Marshal Pate sometimes gets around there and the boys scatter with a velocity which defies computation.

Custer has been pouring her inhabitants into the surrounding fields, lanes and hedges for blackberries for the last week. Gallons of fruit and thousands of terrifying, postiferous, all-provoking "Chiggers" have been gathered.

From the frequency with which we meet city people on our streets, we are led to the conclusion that one is one of the county's most attractive little towns. All we need is a daily stage connecting with the trains at Guston or some other place so that people may not be inconvenienced in reaching us.

Sandy Butler and Sandy Oliver were on the sick list last week. From present favorable symptoms, their speedy convalescence is expected. Glen Wynno has been clearing during Mr. Oliver's sickness.

Porter, of Mattoon, Ill., arrived a few days ago and has taken rooms at the Custer House. He is a native of Massachusetts. Scholarship of many years and much experience, he talks fluently on geology and learnedly on mineralogy. Being a practical mineralogist, he intends to spend some time in our county looking over our hills and into our hollows to see what valuable materials are contained in them. He believes that in investigation, discovery and development are things near us. Development he says will place Kentucky along with the best of the world. In fact, if we only discover on our land, and we permit mining to be carried on, we would lose many luxuriant sandstone bushes and healthy saw-livers, but we are willing to be the losers if it is to gain to our country.

**BRANDENBURG.**

Clarence Neufus is at home on a visit. Miss Jennie Ditt is visiting in Vine Grove.

Mr. Bryant, the piano tuner, was down last week.

Lee Whelan and sister, of Fairbury, were in town Tuesday.

Miss Nell Lewis is visiting Miss Eva Carrigan near Guston.

Mrs. Peak, of Louisville, visited at Mr. James Lewis' last week.

Rev. J. W. Dawson, of Louisville, was here on Wednesday.

Mr. Joshua Lancaster, of Fairbury, was in town the first of this week.

George Schibel and Chas. Aylworth, of Tip Top, were here Wednesday.

The Teachers Institute meets here July 25, and will continue five days. Albert Richardson, of Vine Grove, spent last week visiting relatives and friends.

High Ditt returned to Louisville Friday, after a stay of several weeks at the Custer.

There was a number of people here who attended the picnic at Ekron Saturday.

Miss Stith, of Bewleyville, is visiting her sister, Mrs. William Bewley, at this place.

## TO DEATH.

County Girl Falls  
In An Elevator Shaft  
The Louisville  
Hotel.

Miss Campbell Dies Among  
Angers And Is Brought  
Home For Burial.

Miss Campbell, of Concordia,  
county, met with a most awful  
accident at the Louisville  
Hotel, last Tuesday evening,  
when she fell from the shaft of an elevator.

While going up on the elevator and  
reached the third floor, she at-  
tempted to get out, but waited until  
the door had started before she made the  
attempt.

The sliding gates in the elevator  
work automatically and close  
as the elevator moves upward.

As she sprang out the descending gate  
she fell, and she fell back be-  
hind the door of the elevator, which  
had just gone above her. She gave  
a scream and went headlong

into the shaft of the cellar below,  
falling head and heels about 100  
feet. The fall was instantaneous.

The body was moved to an undertaker  
and the establishment where Coroner Berry  
held an inquest at 7 o'clock, and a de-  
cision was rendered in accordance with  
the above facts.

Miss Campbell was raised near Con-  
cordia, and is well connected in Meade  
county. She was an orphan child,  
the daughter of John Campbell, a farmer,  
living near the above named place.

She was about 24 years of age, and was  
a beautiful, good-looking young lady.  
She had no relatives in Louisville, and  
a couple of cousins residing at 545  
West Street, so a telephone dispatch was  
sent to them, the nearest office being  
at 212 West Street.

When Mr. Pollock, her brother-in-law,  
immediately got the news of the  
accident came to Louisville and  
arrived at Concordia with the body of  
his sister-in-law.

She was buried in the Flint Island  
Catholic Cemetery, near Concordia, at  
2 o'clock Thursday afternoon in the  
presence of a large crowd of weeping re-  
latives and friends.

Such little complaints as heartburn,  
headache, toothache, sour stomach, etc.,  
are often fatal, but very annoying. All  
such troubles are quickly cured by  
Lightning Ho Drops. Mr. A. C. Bayner  
Shops, W. Va., says: "I have been at-  
tacked with heartburn and sour stomach  
for four years. Found no relief until I  
used Lightning Ho Drops. I can honestly  
say that Lightning Ho Drops has cured  
me entirely." All dealers sell it.

**HARNED ON A BOOM.**  
An Enterprise Started There Which  
Will Bring Men and Capital  
to the Place.

A representative of the News visited  
Harned's station on the L. & W.  
line, near Harrodsburg, last week. This point is the center of a  
good timber section, and from the handling  
of this one item alone, the place  
promises to grow and flourish into quite  
a prosperous town.

In addition to the place, and an enterprise  
that will drop considerable money into  
the pockets of the people there, is a  
stave making establishment, the management  
of O. M. Elrod & Co., Mr. O. M. Elrod is the chief manager of the  
concern, and he told a News man that  
when he got regularly to work they  
would saw out ten thousand staves per  
day already for making tight barrels.

The machinery for working the staves is  
made of circular saws, and besides  
being a head of the old system of "back  
ing," it is a great saving of timber to the  
farmer. The saws do the work perfectly,  
and there is scarcely any waste of timber  
in getting the staves ready for the  
barrel.

Mr. Elrod is a practical timber  
man, having worked at the business all  
of his life. He is from Erin, Tennessee,  
where he has been engaged in the stave  
business quite a number of years. He is  
at Harrodsburg to stay, he says, and his  
wife will work up a good thing for the  
town, and the people in the surrounding  
country. He expects to work forty men,  
and will pay out wages of \$5.00 per  
month. Mr. Henry Harned gave him  
his place five acres of ground on which  
they plan to plant and they are getting  
ready to work as fast as they can. One  
disadvantage they were laboring under  
at present, said Mr. Elrod, was that  
they had no telegraph office and he  
didn't see how they were to get along  
with it. He thought, however, that  
Mr. McCracken would open one there,  
though, after a while, at least they  
intended to prevail on him to do so.

His mill would bring a number of  
men with their all had to have houses,  
some of them have to have some-  
thing to eat.

For she has launched her money bag,  
Upon a brighter shore.

The flower from the spray.

## MONTHLY CROP REPORT.

OFFICE OF THE COMMISSIONER OF  
AGRICULTURE, HORTICULTURE  
AND STATISTICS.  
FRANKFORT, Ky., July 7, 1902.

The reports of the condition of the  
crops of the various kinds in the  
State, for the month ending June  
30th, indicate that the season has been  
fairly good.

**WHEAT.**  
As to this crop the harvest has been  
completed. The large majority of the  
correspondents report that the crop will  
be very superior. A number complain  
of the condition of the various kinds in the  
State, for the month ending June  
30th, indicate that the season has been  
fairly good.

**BARLEY.**  
The weather during most of June has  
been all that was required for corn.  
That which was planted early looks well  
and is in good growing condition. The  
late corn is much better than the farmers  
expected, the hot dry weather being fine  
for plowing and killing weeds. Some of  
the late planting is very small, and will  
require more plowing after harvest than  
is customary. A number of correspond-  
ents report that the ground from the  
excessive wet weather in the spring is  
very hard, and many places are dry and  
want rain. The per cent. acreage is 102.

**RYE.**  
The prospects for a fine quality of rye  
are good, but the crop will be small, the  
per cent. acreage being 104.

**POWDER.**  
The reports of this crop show that the  
acreage is 90, and the condition 104 per  
cent.

This crop is unusually large—109 per

## The Fourth At Irvington.

At a time like this when the American  
mind is bent on patriotic demonstrations it  
is interesting that the world should  
seem that Irvington is on the tip of  
Winkle over and not enthused with  
40th-July hilarity. While bills and  
posters announced it, not a very en-  
joyable day was spent in our celebra-  
ting little town, on the "glorious Fourth"—  
the occasion being the meeting of the  
Tennis club and election of officers.

Early in the morning long lines of  
arrivals began to arrive, laden with plea-  
se seekers, carrying well filled ham-  
pers; and ere the sun's kisses became  
too ardent quite a gathering of the  
citizens of Irvington and vicinity were  
collected near the marble of the town  
bell on laying aside the burden of care  
and crowning Pleasure (Queen of the  
day) the business houses were all closed,  
and tired shopkeepers and clerks were not  
"business" men but American citizens  
intent on refreshing the inner man  
with 4th of July accessories.

Tennis, of course, was the game of the  
day—reminiscent of young America that  
our forefathers broke from old England  
on this day, one hundred and sixteen  
years ago, they too, could beat their En-  
glish cousins, in a friendly contest of an  
English game.

When the compliments of the day  
were passed, and some pleasant badinage  
indulged in, refreshments were served  
in prime style, and Kentucky hospital-  
ity was ap-d-ned by the sumptuous feast  
spread so tempting on the green sward  
and all invited to partake, and cheer for  
the 4th.

Mrs. Tate Washington and Mrs. John  
Winn were the presiding ladies of the  
fest and as a natural sequence the  
fest of reason and the flow of soul man-  
ifested in the impromptu festival.

Late in the afternoon an election of  
officers was held, which resulted as fol-  
lows: Miss Nellie Henderson, Presi-  
dent; Mr. Floyd Roberts, Vice President.

Washington Secretary. Executive Com-  
mittee, Miss Bettie McChesney, Miss Mary  
Henderson and Miss Maggie Carter.

This is the first of a series of entertain-  
ments to be given by the club, during  
the summer, and if the program is well  
carried out, the season will prove a very  
enjoyable one. The following members  
compose the committee: Miss Nellie Hen-  
derson, Miss Lucy Frank, Mrs. Ken Wal-  
ton, Miss Maggie Greenwood, Miss Lillie  
McClintock, Miss Mamie Washington,  
Miss Rose Washington, Miss Bettie Mc-  
Chesney, Miss Mary Henderson, Miss  
Maggie Carter, Miss Nora Henderson,  
Messrs. Herndon McChesney, Charlie  
Clayton, Worland Carter, Frank Car-  
ter, Floyd Roberts, Dr. Eugene Bewley,  
Rev. Herndon and Jesse Herndon.

The club meets at Irvington every  
Saturday and is the occasion of enjoyment  
and sociability.

Several persons from a distance being  
visitors in the neighborhood helped to  
swell the pleasure of the 4th celebration  
among them being Miss Jessie Jolly of  
Owensboro, Miss Mattie Mattingly of  
Miss Otis Henderson of Louisville, and  
Miss Agnes Worland, of Brandenburg.

With three cheers for Democracy and  
Grover Cleveland for President, I close.

"April showers make May flowers"  
and wet feet make bad colds, but Light-  
ning Cough Drops will cure any cough,  
hoarseness, or croup. Mr. J. J. Casey,  
Zenia, W. Va., says: "Lightning Cough  
Drops cured my child. I do not know  
think there is any medicine in the world  
that will give better satisfaction. Will  
it all claimed for it." All dealers sell it.

phine Loh, VinGrove, are visiting friends  
at this place.

We read with pleasure the announce-  
ment of Hon. J. A. Murray as a candidate  
for Circuit Judge.

Albert coat has made quite a favorable  
impression with her.

Miss Clara talks but little, yet she  
thinks a great deal, but she has not de-  
cided which it is, little R. or C.

Mr. Will Skilman, of West View, was  
one of the guests at the social given by  
the Misses Meyer of this place Saturday  
evening.

Misses Carter and Beatrice Meyer en-  
tertained quite a number of friends Sat-  
urday evening with a social party. G.—  
C.—and others were present.

Mr. and Mrs. Mich. Meyer, of Harrods-  
burg, and Mr. and Mrs. Leo Meyer, of Mis-  
sion, Ky., were visiting friends at this place Sunday.

petite is capricious and uncertain, you

Cleveland, and Beard & Beiler

**Licensing Engineers.**  
The question of licensing engineers is  
being so agitated in every state in the  
Union that within a short time, for the  
protection of human lives, it will be  
possible for any one intrusted with steam  
to hold or secure a situation without  
passing a rigid examination and obtain-  
ing a license. Stephenson & Hays, Inc.,  
Practical Test has been published to aid  
engineers preparing to pass such exam-  
inations.

P. S.—Good paying routes on generally  
secure houses. Let me put a "leg in your  
shoe." R. L. Newsom has property and authority  
the rents on a commission of ten per cent, and  
renting being a specialty with him, don't  
you know it is better to place property in  
his hands than to rent it yourself? Why?  
Because he is controlling a large amount of  
property and telling no paying renters don't  
"satisfy" and "don't get" a large amount of  
Newcomers here but few complaints from good  
renters. He has a large stock of property and  
lows who do not want to pay, and to such he  
says: "Call on Newsom."
